

PENNIES, NICKELS, DIMES & QUARTERS FROM HEAVEN!!!

KIDS HELPING KIDS IN HAITI!

Please join Family-to-Family in raising funds for the many orphanages in Haiti that were destroyed by the powerful earthquake on January 12th.

HERE'S HOW:

1. One child in each class brings a clean, empty 1-gallon milk container in for each classroom in your school.
2. Bring your extra pennies, nickels, dimes and quarters to school and put the change into your classroom's milk container.
3. When the container is full, sort, count and put the change into rolls that come from the bank (with your teacher's help).
4. Then do it again... and again!!

Every time your class fills the milk container and rolls the coins, give the money to _____, (your adult representative at school). When the collection reaches \$100 dollars, (s)he brings the money to the bank, gets a bank check issued to one of these charities helping Haiti: Doctors Without Borders, UNICEF, or Partners in Health, and mails the check to the charity.

WHEN YOUR SCHOOL MAILS A DONATION, LET US KNOW AT FAMTOFAMILY@AOL.COM AND WE'LL ADD YOUR SCHOOL TO THE LIST ON OUR WEB SITE! KEEP CHECKING WWW.FAMILY-TO-FAMILY.ORG TO SEE HOW YOU'RE DOING!!
